

Finding Community Transmission Levels

1. Navigate to the [County View](#) tab of CDC's COVID Data Tracker website.

2. **Current community transmission level:** Select a state and county using the dropdown selections or simply click on a county in the map.

3. **Past community transmission levels:** Scroll down to “County Level Timeseries Data for [State]” and click it to expand the list and view previous community transmission levels. To download past community transmission levels, Click “Download Data.” This will download all timeseries data for the selected county.
